## **FURA TO ACQUIRE ADDITIONAL RUBY LICENCE IN MOZAMBIQUE**

For Immediate Release: **July 26, 2018**

Toronto, Ontario – Fura Gems Inc. ("Fura" or the "Company") (TSXV: FURA) (OTC: FUGMF) (FRA: BJ43), a new gemstone mining and marketing company with emerald and ruby assets in Colombia and Mozambique, respectively, is pleased to announce it has entered into a share purchase agreement pursuant to which the Company will acquire a 100% interest in ruby prospecting licence No. 5572L (the "Licence") in the Montepuez District of Cabo Delgado province in Mozambique (the "Acquisition").

Dev Shetty, Fura's President and CEO commented: *"We are pleased to further consolidate our position in the main ruby belt of the Montepuez district of Mozambique. The merger of assets with Mustang and Regius announced last week, combined with the acquisition of this licence, now gives Fura further access to both the secondary alluvial and the primary deposit of rubies in the region.*

*In the last 18 months, Fura's business has grown tremendously. We now have two important silos of colour-gemstones in our portfolio, emeralds from Colombia, the world's largest emerald supplier in value and rubies from Mozambique, the world's largest ruby supplier by volume, and where we now have the largest land package in the country. With these assets and our hugely experienced team, we believe we are in a great position to be able to create a world class colour gemstone company. I would like to thank my team in Fura for their passion and dedication, the local partners and the government of Colombia and Mozambique for their continued support."*
